

NIT to DWIN Increase Swap Limit Instructions

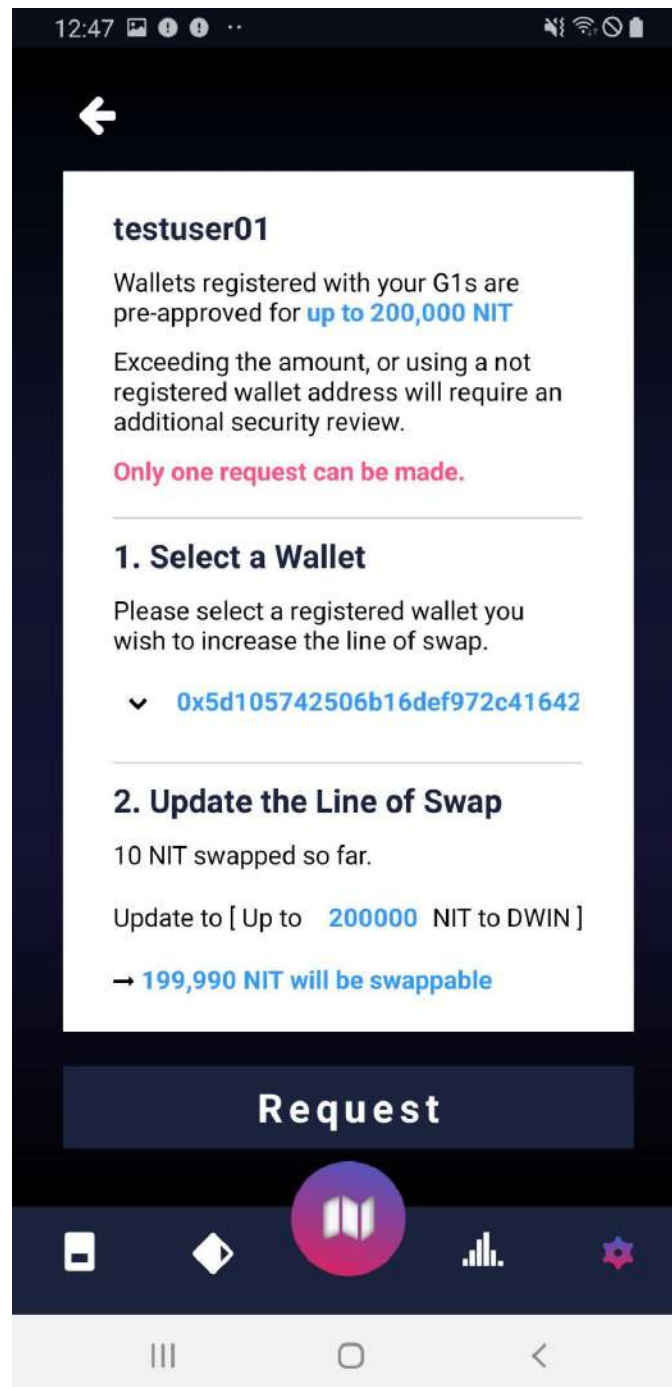

1) On the **Nesten** app, go to the **Settings** tab.

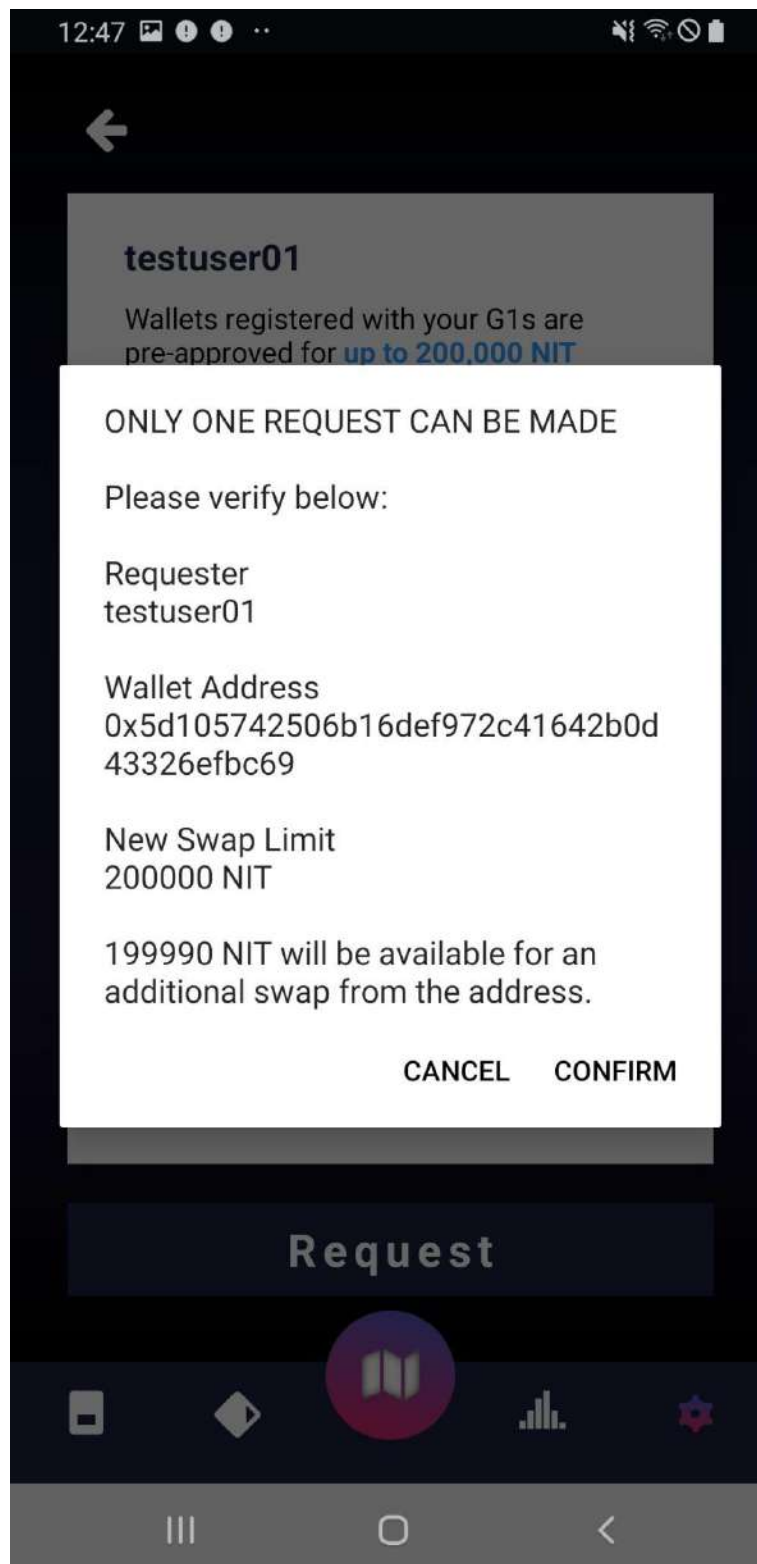

2) Select the **Wallet** from which you would like to swap NIT. Then press **Next**.

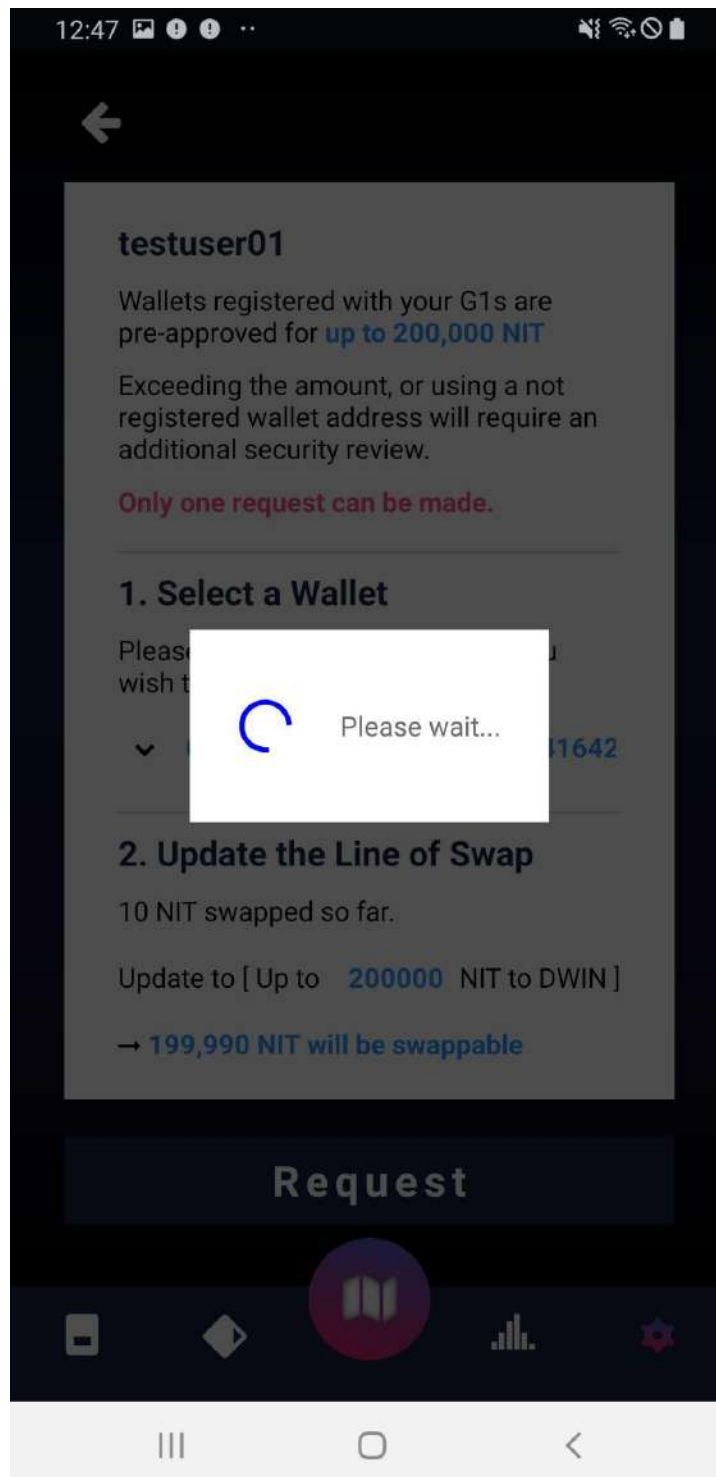

3) Enter the amount of NIT you would like to swap to DWIN, and press **Request**.

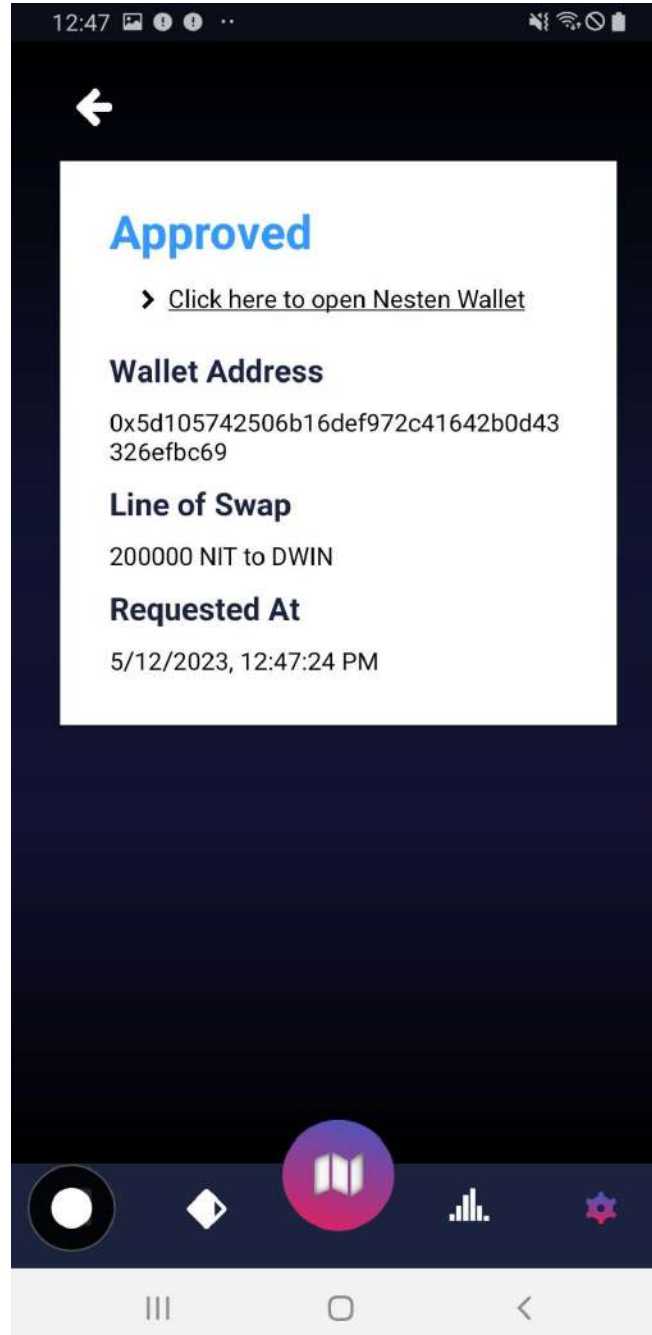

- 4) Review the request to ensure all of the information is correct. If you need to modify something, press **Cancel**. Otherwise, press **Confirm**.

5) Wait for the request to process. Do not close the app. It should only take up to a minute.

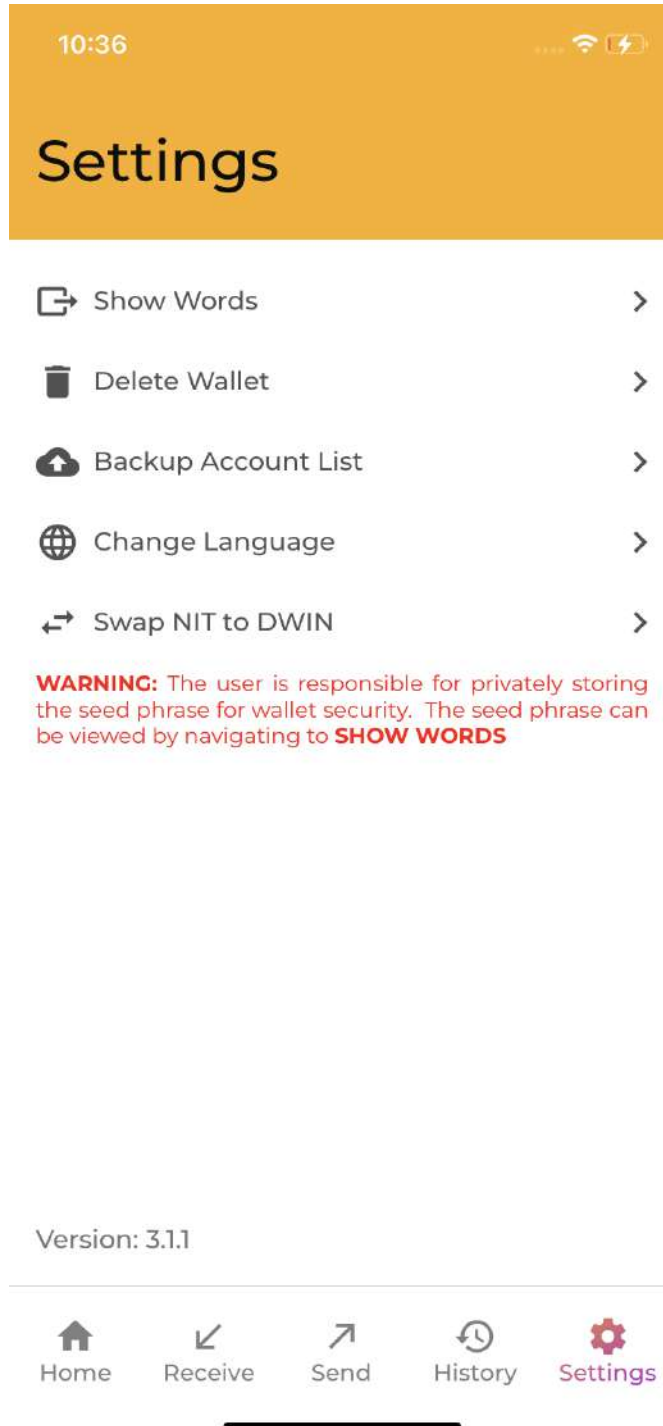

- 6) Your request should now be approved. You will now have an increased swap limit in the Nesten Wallet app. If you are not immediately approved, we may need to manually review your request and may require some additional information from you. Please contact us for details.

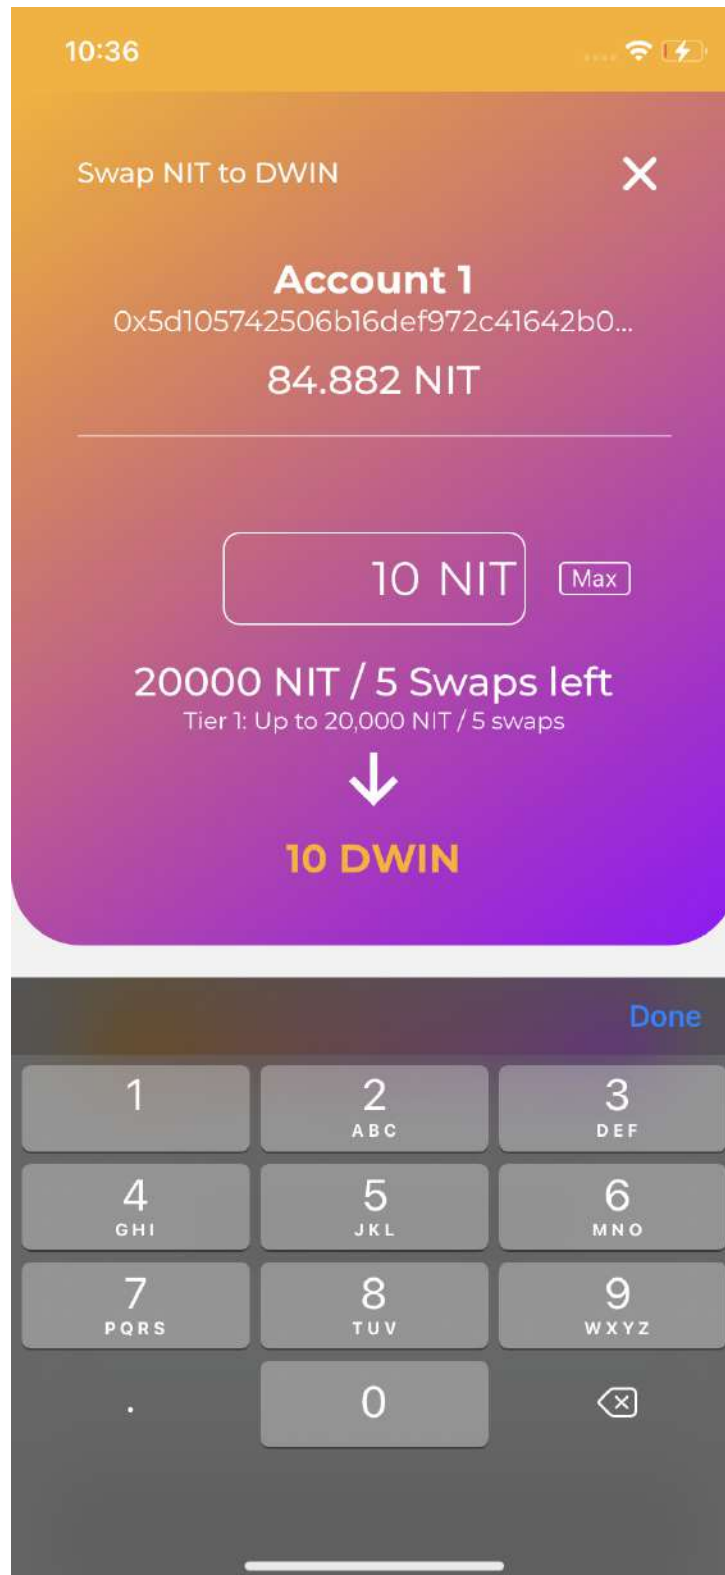

To swap your tokens, please refer to the **NIT to DWIN Swap Instructions** on the next page.

The screenshot shows a mobile application interface for swapping NIT to DWIN. At the top, the status bar shows the time 10:37, signal strength, Wi-Fi, and battery icons. The main header is "Swap NIT to DWIN" with a close button (X) on the right. Below this, the account information is displayed: "Account 1" with a truncated address "0x5d105742506b16def972c41642b0..." and a balance of "74.882 NIT". A horizontal line separates this from the swap details. A rounded rectangular button shows "10 NIT" with a "Max" label to its right. Below the button, the text reads "19990 NIT / 4 Swaps left" and "Tier 1: Up to 20,000 NIT / 5 swaps". A downward arrow points to "10 DWIN" in yellow text. A large orange-to-purple gradient button at the bottom of the main section says "Swap NIT to DWIN (4 left)". Below this is a section for "Swap Request Status" with a refresh icon. A grey box at the bottom contains the timestamp "2023-05-05 10:37:30 - 0x10608867b0c0fd..." and the status "10 NIT → DWIN : Processing...".
